## RHINELANDER BEATS WAUSAU NATIONALS

Rooney Pitches Two Hit Game. City  
Team Top Struggles For  
Wausau

The exceedingly clever and brilliant form displayed by Southpaw Rooney, combined with consistent hitting by his team mates and the splendid fielding on the part of second baseman Kramer, enabled Manager Belle's another time "Kalsomins" to administer a neat coat of white wash to the Nationals of Wausau last Sunday by the score of 10 to 0. For eight innings, Rooney held his opponents down without the least resemblance to a hit, only two men had reached first base, one on an error, and the other, a base on balls, the sole gift presented by Rooney during the game. The recipient of the gift remained on first just long enough to say he was there, as he was doubled up a moment later on a line drive to Kramer, to Bies.

It is the height of every pitcher's ambition to twirl a no hit game and therefore interest entered almost entirely upon, whether the "fans" were to witness the performance of so rare and unusual a feat. With two men out in the eighth inning, A. Jesse having two strikes and two balls called on him, met one of Rooney's curves fairly, sending the sphere to right field over Gardner's head. Before the ball was returned to the diamond, Jesse was safely perched on second base. He failed to advance further, because Rooney whiffed the next batsman. Seven men were retired on strikes by Rooney, three in the first, two in the second, two in the third, one in the fourth, the entire side in the fifth, one in the sixth, two in the seventh, two in the eighth and more to show his apparent contempt for pinch hitters, compelled him to fan the breezes in the ninth. A remarkable feature of the game taken from the box score, shows but three men are credited with put outs and three with assists for Rhinelander. Kramer, one put out, five assists; Bies, ten put outs, no assists; Post, sixteen put outs, one assist while Ryan has two assists. Not a ball was hit to the out field, save Jesse's drive to right. With two men gone in the second inning, Gardner was given a pass to first. He went to third when Kramer doubled to left and both scored on Hutchinson's tall fly back of first base, which nobody cared to get under, netting him two bases. He was left on second as Polier went out at first, unassisted—two runs.

Ryan raised a fly to second for an easy out in the third round. Post came within an ace of tearing the pitcher's hands off with a shot like a cannon ball that caromed over to short and was easily safe at first. Bies singled to right, Post racing to third and scored on a wild pitch while Bies ran to second. Jastram sent a beautiful single between short and second, Bies counting. Gardner struck out as did also Rooney—two runs.

The seventh inning saw the undoing of pitcher Fritz, who was replaced in the box by first baseman Jesse. The latter proved his versatility by pitching the game out in creditable style and guarding the first sack in impressive fashion previously. Post received a base on balls, went to second on a wild pitch after Bies had fouled to catcher on an attempted sacrifice and scored on Rooney's stinger to left. Four singles in succession by Jastram, Gardner, Kramer and Hutchinson, sandwiched in with a passed ball, permitted Bies, Gardner and Kramer to cross the plate. Jastram was caught napping at second, and Ryan struck out, leaving Hutchinson and Polier on bases—four runs.

A splendid hit to right by Bies, a gift to Rooney, an out to first from pitcher, advancing both men, and Gardner's lines over short brought Bies home. An out pitcher to first while Rooney rested on third ended the contest—One run.

The Wausau team was composed of young men of that city and cause here highly recommended for their ability to play the game. Against a team less strong than Rhinelander.

## BALZAR SENTENCED FOR FIVE YEARS

Plead Guilty To Man Slaughter In Second Degree. Judge Administers Good Advice

A special session of the circuit court was held at the court house yesterday morning at which time Albert Balzar plead guilty of the charge of manslaughter in the second degree for the killing of Riley. Balzar in a pitiful way depicted vividly that a christening at his father-in-law's home of Balzar's only child, called a group together and all became intoxicated and trouble began which ended in Balzar's shooting and killing of Riley through the window with a shot gun.

District Attorney Miller stated that Balzar had committed a serious offense against the state for which he must be punished. He said the penalty for manslaughter in the second degree is from four to seven years and asked that the sentence of Balzar be put at five years at hard labor in Waupun state prison. Attorney Steele in behalf of Balzar explained that Balzar's wife and child were in danger from Riley if not Balzar and pled for mercy for his client.

Judge Reed then addressed the prisoner making him admit that the killing was the result of a drunken brawl and warned Balzar to govern his temper and when a free man abstain from using the stuff that muddles his brain and causes him to do desperate deeds.

The Judge then explained to Balzar that he could shorten his sentence by being a good prisoner at Waupun and sentenced him to five years at hard labor at Waupun; thus ends the legal side of a drunken celebration in the town of Sugar Camp.

## COUNTY BOARD MEETS FOR ORGANIZATION.

A. W. Brown, Chosen Chairman and J. M. Scott, Vice Chairman. Committees Named

The County Board met Tuesday afternoon. W. W. Carr, County Clerk, called the meeting to order and an informal ballot was taken for chairman, which resulted as follows: A. W. Brown 12, J. M. Scott 8, J. W. Kelley 1, D. A. Kahn 1. J. M. Scott moved that the informal ballot be declared formal and A. W. Brown be declared elected, which was done. J. M. Scott was then made vice-chairman by acclamation.

Upon motion a recess was taken after which the chairman appointed the following committees:

### BIG FISH LANDED

Dr. Elliott, Frank Leonard, Gil Forsythe and Oscar Kolden made up a fishing party last Friday to Indian Lake. Of course they expected a "bite" as all fishermen do, but when a big "muskie" took the hook, consternation reigned and it was with great difficulty that the fish was landed. For want of a better weapon a club was used to stun the fish, which when weighed, touched the scales at 25 lbs. 2 oz. The party went up again Sunday. If you want to hear fish stories, ask these gentlemen.

## GOOD ADVICE TO GRADUATES

Baccalaureate Sermon Starts Exercises of Commencement Week. Address in Part

The graduating exercises of the High school began with a baccalaureate address by Rev. Grant Clark at the Congregational church, Sunday evening. After excellent music both by quartette and a pleasing solo by Mr. Whitcomb, Mr. Clark spoke to a full house in part as follows: Let no member of the graduating class, no parent whose son or daughter is a member of the class of 1910, no teacher of the High school, no citizen of Rhinelander despise this commencement period. If the work has been well done during the past years, by parent and pupil and teacher combined, this time is a time for congratulations. During four years in High school, and for several years of school life in the grades, the great machinery of our public school system, finely manned as it seems to me, has been operating to produce a worthy product. There ought to be a choice product, an excellent fibre. And if this is so, it is worth all the expenditure in money, and human vitality; all the sacrifice, all the patience, and all the anxiety on the part of parent and teacher. And if the product is as choice as it should be we are to be congratulated as a community on the happy period through which we are passing. And someone has made the remark that one yard of boy is worth as much as ten thousand yards of the best Brussels carpet ever made.

If, during your career as High school pupils, you have had a proper appreciation of the importance of making your course a thorough one, and if you have looked upon these past four years as possibly the most important four years of your life, then I am certain that you come to this hour with bright hopes and a warm enthusiasm. And if this is true, you are to be congratulated. Whatever your thoughts and feelings tonight, I think there is something prophetic about them. If you come here with bright hopes and a burning enthusiasm, blessed are you. If you have ambitions which beckon you upward and onward, if you have a purpose fixed and worthy I cannot but believe that you are going to win from the future a success that is honorable. The youth who realizes something of the importance and meaning of a High school course, I am convinced is sufficiently equipped to possess some worthy estimate of the significance and value of life itself.

For a short time I wish to center a few thoughts around a text from the First Letter of Paul to Timothy:

"Guard that which is committed to thee."—1 Tim. 5:20.

Every individual who earns, and accepts a diploma from the Rhinelander High school not only participates in a privilege, but assumes a responsibility. I think it would be rather disastrous for any young person to receive a diploma from a High school, or any school, without sealing the importance of it. Your diplomas will be not merely PRESENTS; not merely testimonials of work faithfully performed, and examinations satisfactorily passed. I want to say to you that ABOVE ALL OTHER THINGS they are a sort of COMMISSION. What would you think of an army officer, who, having received a commission was merely ELATED over it.

As you go out into the world it will be possible for you to add glory and honor to the Rhinelander High school, or to drag its good name down with an unworthy career. I hope none of you will be unappreciative of the new relation which you are to sustain to the Rhinelander High school, and the community in general. Every person who becomes an alumnus of a school of worth thereby takes his place within the ranks of an ancient and honorable order. Henceforth, in a new sense, you are to take your place among those who stand for culture and refinement. Henceforth you are to help guard the instruments and ideals of culture. Your relation to the great problem of education is a new and enlarged relation. Henceforth great

## JUDGE ALBAN FETED BY MASONS

Eastern Star Prepares Banquet at Which Over 100 Are Served. Delightful Evening Spent

Last Tuesday evening the Masonic Hall was most brilliantly lighted, and the lodge rooms most artistically and beautifully decorated, the occasion being a banquet given by the lodge in honor of the half century celebration of Brother Stephen H. Alban as a Mason.

The entire lodge room was filled with long tables arranged in form of square and compass, which were most artistically and daintily arranged and well covered with carnations. When arrangements were completed, the Masons to the number of over a hundred, marched in and took places.

After grace by Rev. Ludwig, the brethren partook of a most sumptuous dinner, prepared and served by the ladies of the Eastern Star. In fact, the credit for the decoration of the lodge rooms and the preparation of the elaborate dinner is all due the Eastern Stars. Delightful music, consisting of harp and violin was rendered during the banquet.

After the repast happy toasts were given befitting the occasion in honor of Judge Alban, for whose grand celebration was held. M. H. Raymond acted as toast master and did honor to the position. Appropriate toasts were given by Hon. W. E. Brown, Doctor J. D. Steffen of Antigo, Alex. McFar, J. C. Lewis of Antigo and Charles Chafec.

The banquet closed with the presentation of a gold mounted cane by D. H. Vaughan in a few well chosen remarks. Judge Alban in a most touching way accepted the token of love and regard from his brethren.

This closed the exercises of the banquet after which the lodge was opened in due form and the Master Mason's degree was conferred on Rev. Ludwig.

The following is what Masonic Tidings says of S. H. Alban's anniversary:

Brother Alban's Masonic record as quoted from Masonic Tidings is as follows: Received the Symbolic degrees in Elver Lodge No. 76, in spring of 1855. Capitulat and Cryptic degrees in Elver Chapter No. 18, in 1856. Orders of 1st Lighted in Fort Winnebago Commandery in 1859. He is also a member of Wisconsin Consistory. He served as W. M. of Evergreen Lodge No. 93, Stevens Point and Forest Lodge No. 139, Wausau, Excellent High Priest of Forest Chapter No. 34, Stevens Point, and Wausau Chapter No. 51, Commander of St. Omir Commandery No. 19 at Wausau, and Grand High Priest of the Grand Chapter Royal Arch Masons of Wisconsin in the year 1855.

What a record to be sure. Well worthy is it to be recorded of one of Wisconsin's foremost citizens. Brother Alban has always been a zealous brother, one who knows not only the esoteric work of Masonry, but who is familiar with the exoteric—he has not only taught to others the true principles of a correct Masonic life, but he lives it every day and he stands as a shining example of what we love to designate as the upright man and Mason.

Brother Alban has been and is yet a contributor to the columns of the Masonic Tidings of Masonic articles well worthy to be read by all Masons. His arguments are convincing and his love for the institution of Masonry and his brethren bespeak the good character of the writer.

The Tidings is proud of the familiar countenance which adorns its title page and can truly say, behold the man who is beloved by all who are fortunate enough to be among his acquaintances and may peace and happiness come to him and his good wife until such time as the Master calls.

#### FROM NEARBY TOWNS

Ladysmith—A site has been chosen for the new \$10,000 training school to be erected. It is south of the Soo depot. The resolution provides that if the site shall ever cease to be used for educational purposes, it shall revert to the city.

Tomahawk—Subscriptions amounting to over \$700 have been secured for a 4th of July celebration. It is expected the amount will be swelled to \$800. The program is under way and a glorious "fourth" is assured.

Tomahawk—Sixteen saloon keepers of Tomahawk, Bradley and Heafford Junction, arrested in January, for selling liquor to Indians, have their trial this week at Eau Claire.

Antigo—The largest class in the history of Antigo High school graduates, Thursday June 9, there being fifty-nine.

Stevens Point—The body of Wm. Reynolds, who was drowned ten days ago, was found above Brawley Rapids, near Nehan about 100 yards below the point where he

was last seen. After saving the lives of his companions, he was unable to make further effort. The position of body would indicate cramps. The father was among the rescuing party when the body was hooked to the surface. The body was shipped to Cobb, Iowa County, where the young man's parents live.

Stevens Point—The consolidated Buffalo Bill Wild West and Pawnee Bill's Far East Shows will give an exhibition Aug 11.

Houghton—Dr. J. T. McClintock of Washington, assistant surgeon in the marine hospital service, and Dr. F. W. Shumway of Lansing, secretary of the Michigan board of health, today decided that Sokris Jensen of Calumet is a leper. Jensen showed signs of the disease five years ago while herding reindeer for the government in Alaska. The Calumet & Hecla Mining Company has agreed to isolate Jensen and care for him the rest of his life. He is in an advanced stage of the disease.

Grand Rapids—The Weinberg Construction company of this city was

the lowest bidder for the general construction of the Wood County Insane asylum, to be built near Marshfield. Their bid was \$107,990.

Manawa—The Evaporated Milk company, New London, has purchased a site in Manawa and will erect a plant within the next sixty days which will employ 100 hands. The company is promised the milk of 800 cows.

Hurley—William Walter, sheriff of Iron County, has been removed from office by Governor Davidson. He was found guilty of malfeasance in office. The governor also stated in his findings that during the administration of Sheriff Walter the jail was conducted in a manner calculated to net the largest financial returns to him regardless of law and was reckless of the welfare of the prisoners in charge and that Mr. Walter had no proper conception of his official duties. His successors is F. W. Emerson, a former sheriff of Forest Co.

Hurley—The Glidden High school building caught fire shortly after midnight Monday and was burned to the ground. The loss will be about \$20,000 with \$12,000 insurance. The school year closed last Friday and the cause of the fire is unknown. This makes the second High school that burned in Ashland county in the past six months, the Mellen school having burned last winter. Mellen is now building a new one at a cost of \$65,000.

New London—The schools here closed Friday, June 3, for the year. The graduating class consisted of twelve boys and five girls.

La Crosse—Hiram Goddard, aged 74, millionaire lumberman, died yesterday after an illness of three months.

Chippewa Falls—When a touring car turned turtle near here Saturday afternoon, Gilbert McDonough, president of the McDonough Manufacturing Co., Eau Claire, was pinned under the machine and seriously injured. Two other men were slightly injured.

WHAT A SUMMER COLD MAY DO—A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system.

their showing in all probability may have been more commendable, but in contrast to Manager Belle's aggregation, they were simply out-classed. However, their admirable fighting spirit, which remained unbroken until the last man was out in the ninth inning, even though never having a chance for a run during the progress of the game, won for them much praise for their unusual display of pluck and perseverance.

#### DEATHS

The funeral of Ed. Brahmstadt who was killed last Thursday at his home in the Town of Crescent, was held from the home of Mrs. J. J. Adams, Thayer St., Sunday afternoon at two o'clock, Rev. Ludwig officiating.

Mrs. Chris. Warner died of diabetes last Friday. The funeral was held at 8 o'clock Saturday morning, Rev. Bergstrom officiating. Mrs. Warner belonged to the Royal Neighbor lodge. She leaves several young children and father and mother, of Wausau, who were present at the funeral. The case is a particularly sad one, as Mr. Warner was taken to the asylum not long ago, for the second time.

The funeral of the infant son of Mr. and Mrs. August Seidel, was held at the residence Wednesday morning at ten o'clock, Rev. DeJong officiating.

#### SCARED INTO SOUND HEALTH

Mr. B. F. Keley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me the action of my bladder was again normal, and I was free of all distress."

#### CARRY OPERA CHAIRS

A New Feature of the Yankee Robinson Shows

No show touring the country today has the character of seats carried by the Yankee Robinson Shows. The grandstand, the latest achievement in the seat line, is bound to meet with great favor with the patrons of the big show. The grandstand consists of one thousand opera chairs, every one of which is numbered. The reserved seats are also numbered, the same as at an opera house, and when you purchase a grandstand or reserved seat ticket, your ticket will have the number, row and section printed thereon. No matter how late you come to the circus your seat will be held for you.

For the convenience of the patrons of the theater, grandstand and reserved seats will be placed on sale on the morning of exhibition, so as to avoid the rush at the ticket wagon.

#### BLACK HAND

##### THREATENS AT OGEMA

Sheriff Christanson was called to Ogema on Tuesday to look after a case of what is believed to be the work of a "black hand" gang. On May 27 and 29 letters were received by Chas. Engstrand, a well-known merchant of Ogema, demanding him to place the sum of \$50.00 at a stated time in a given place, failing in which his life was threatened. At the time mentioned a package was placed in the place as directed by the threatening letters and a party waited nearby to watch for some one to come and lay claim to the same. One fellow came by the place on a bicycle and he was directed to halt, but did not obey. He made good his escape.

When the sheriff arrived in Ogema Tuesday afternoon he arrested three young men of the town of Ogema, not being furnished, the prisoner over about 21 years of age and the others under age and brought them to the county jail, where they are held to answer to the charge of having State Bank of this city and was written the letters.—Phillips Bee.

### LaGrippe Weakness

"After a spell of La Grippe I was so weak and exhausted I could hardly stand. I began taking Dr. Miles' Nervine and was soon better in every way."  
MRS. F. J. NORTON, Freeville, N. Y.  
La Grippe seems to wrench every particle of vitality from its unfortunate victim. That's where the principal danger lies; because it leaves the system in a weakened condition which invites more serious diseases. During convalescence should be taken to restore nervous energy, and overcome this weakening influence which is the most serious effect of La Grippe. The first bottle will benefit; if not, your druggist will return your money.

What so "rare" as a day in June?

The County Clerk wonders if any of the Supervisors of the county received a notice of a special meeting for May 21.

He who has been hardest hit by misfortune should be kindest in his dealings with his fellow-men.—Florida Times-Union.

After supping simultaneously with nice kites, our uncrowned Theodor will find things pretty dull at home unless the Oyster Bay Silver Cornet Band plays in his front yard every evening.

How do you know when your husband forgets to mail the letters you give him? I always put a card addressed to myself among 'em. If I don't get the card the next day, I know. And it only costs a cent.—Cleveland Leader.

The editor of the Marion paper has learned from some source there is a certain kind of tobacco if smoked or chewed will make a man forget he owes a dollar in the world, and laments that some of his subscribers must be using that particular brand.

The same brand of tobacco must be used in Rhineland.

John Dalzell, an ardent follower of and champion for Aldrichism, Cannonism and the "Special Interests" claims that he was re-nominated in the recent primaries by three hundred majority. His opponent claims the nomination by fifteen hundred majority. A contest will take place for the seat. Congressman Dalzell was re-nominated two years ago by over eight thousand majority. When the old Stalwart state of Pennsylvania turns over to insurgency it makes us think something is doing. We may rejoice that the people are waking up to the fact that they must guard their rights at the ballot box.

#### SATURDAY CAUCUS

##### FEW OF SELECT

The so-called Taft Republicans are in session in Milwaukee and their leader E. S. Philipp of Eleventh floor fame says that the republicans are about to restore representative government in Wisconsin again. We must judge the unknown by things we can see. If Rhineland methods of the stalwart bunch shall guide us, are we to call it representative government? Last Saturday evening a so-called caucus was held in the city hall. None of the republican congressmen were aware of the meeting, not even the chairman of the republican county committee. He was asked to this so-called republican caucus. More, not one republican out of twenty-five had a thought of a republican caucus. About all the assurance that such a caucus was held were election certificates issued to men that they were to attend the Stalwart convention in Milwaukee as delegates, signed by Doctor Richards as president and Charles Frick, a recent comer to this city, now a candidate for District Attorney of Oneida County, as secretary. And this "gum shoe method of depriving republicans of their choice in representative government. We know Mr. Philipp by his past records we have seen the methods used at the caucus in olden days and these are the conditions we are asked to restore in Wisconsin. In other words let a few self ordained representatives express the will of the masses. Is representative government going to break on this kind of a rock? We ask the good republicans to down with their votes such methods as these.

A superhuman effort is going to be put forth at the September primaries to thwart the will of the masses by defeating their true representatives but we feel that such methods as were used in Rhineland Saturday night will tend to wake up the masses to their rights and their best interests, and they will administer a severe defeat to the representatives or candidates of such a caucus. You can not fool all the people at the time, if you think so read what the voters of Iowa did to some of the representatives of the special interests in their state last Tuesday.

Republican, was you invited to this select caucus, was you one of the picked few?

#### VAGRANT THREATENS POLICE FORCE

Makes Demands At Point of Revolver. Leads Chief of Police a Chase

E. Hunter of Green Bay was arrested last night for displaying firearms with the intention of intimidating. He was brought into municipal court this morning and was given a sentence of 60 days in the county jail. Hunter was thrown out of the train yesterday for not paying fare. He went toward the paper mill and approached Mrs. Fred Groen-gier, asking for a drink of water. He then told her, at the point of a revolver that he was going to "teach" the police force last night and senger tearing car this morning. He warned her not to tell. She telephoned Chief of Police Straub, who at once started after the man, who ran up the rail road track, waving his revolver and clearing everything before him. He made numerous attempts at hiding, ran through people's houses, screaming for fire arms and at last took to the woods. But the Chief still followed and finding there was no way of escape he threw down the empty revolver and was captured. He had fired several shots at the Chief but they fortunately missed the mark. The affair attracted considerable attention as it was the hour when laboring men were going to their supper. The man's actions would indicate that he was at least temporarily unbalanced.

State of WISCONSIN  
 County of ONEIDA Town 37 Range 7 EAST  
 Lands shaded belong to C. P. CROSBY - RHINELANDER, WIS.

Your attention is called to lands shaded, all of which belong to me. As you see, there are several fine lakes, and I own good frontages on two of the best. Nearly all of my lands are well timbered, Lot 6 on Horsehead Lake has 70,000 feet growing pine, hemlock, birch, tamarack and oak, besides a great deal of smaller timber, suitable for fuel or pulp wood. There are very few settlers in this township now, but they are settling up the south end, while the town on the west, adjoining, is well settled up. I want to sell these lands, preferably to actual settlers. This is some of the best land in the county. The township is largely level, with some hills on the north side. Write me a letter, if you are interested or come in and see me. Prices \$6.00 per acre and upwards. Terms very moderate.

# TRUTHFUL ADVERTISING!

Unfortunately does not seem to be in vogue--many dry goods advertisements contain statements not founded on facts and as a necessary consequence those who respond to such ads meet with disappointment. We regret this condition, and believe that the time is not far distant when merchants will neither find it necessary, nor expedient to exaggerate business announcements. In the meantime we take pleasure in stating a fact--known to most everyone in this vicinity--that our ads at all times confine themselves to the unvarnished truth, a policy that has helped materially to build up the public confidence and business prosperity our store enjoys. It saves trouble for us, inconvenience to our customers.

**AND IT PAYS:** When we advertise an article, we advertise for the purpose of selling that article no matter what price it may be advertised at. Some of our competitors who predicted our methods and business ways would fail, were themselves forced out of business. Some have gone, not being able to stand our low prices. Others are going for the lack of trade, but we are still here and expect to stay. We solicit your business on a strictly business policy.

## FLAG DAY PROCLAMATION OUT

Tuesday, June 14, Should See Many  
Flags Up

In conformity with the established custom, I, James O. Davidson, governor of the state of Wisconsin, designate Tuesday, June 14, 1910, as Flag day.

Nations are rich when their history records events which inspire love of country, as these events mark the virtuous purpose of a people, the great acts of distinguished men or the unsurpassed devotion of lofty characters. This furnishes examples to guide in right paths the youths who will lead in the progress of the future.

It is with special pleasure that I remind our people that June 14, 1910, will be the 133rd anniversary of the adoption of the stars and stripes as the flag of the United States.

The flag reminds us of all the suffering, all the thought and all the hopes of the revolutionary fathers. It waits in every breeze, the Declaration of independence. Through it the constitution and civil war proclaimed nationalism. It means freedom. Its very colors are symbolical of high character. Washington and Jefferson and Lincoln pour out perpetual benedictions and inspiration through its beautiful folds.

I recommend that the story of the making of the first flag be told to the school children and that its meaning be brought home to others by unfurling it generally on that day throughout the state.

## WELL KNOWN YOUNG LADY PASSES TO THE BEYOND.

Word was received early Friday morning of the death of Miss Mayme Spencer of Waupaca. While Miss Spencer has been an invalid for several years, and death was not unexpected, yet when the blow fell, it came as a shock to those nearest and dearest. She has been a patient sufferer from the first of her illness and made a brave fight toward recovery but the disease had too great a hold upon her.

Miss Spencer was very well known in this city and made frequent visits at the home of her sister, Mrs. E. O. Brown. She was a general favorite among her acquaintances and leaves a lasting memory of a bright, cheerful disposition upon those who had the privilege of her friendship. She was a young lady of much talent and had a bright career open to her. She leaves many friends in this city, who by her death feel a personal loss.

## The Conservation Of Nature's Resources

Applies as well to our physical state as to material things. C. J. Budlong, Washington, R. I., realized his condition, and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late."

## BOARD AND ROOMS WANTED

Without doubt one hundred and fifty teachers will be brought to Rhineland by the summer school. Many of these will desire either boarding or rooming places or both. To provide for them it is necessary to know the names and addresses of those who will furnish board and room, board only, room only, or who will rent rooms for light house keeping. Terms should be the basis of a week of seven days, and of five days. Drop a postal to F. A. Harrison if you can help take care of summer school students.

**COME TO OSHKOSH**

**5,000 Men Wanted**  
**Steady Employment Good Wages**

A wonderful opportunity for you to secure better wages. The City of Oshkosh has entered upon a period of growth that is phenomenal. Workmen in all lines can find immediate employment.

OSHKOSH is the city of great opportunity for the workman today. You can find employment there at once. The new industries locating in Oshkosh, the rapid expansion of present factories, the great increase in building operations, offer employment to all classes of labor. Oshkosh has now over 300 prosperous manufacturing concerns. Every one of them is in need of more help. Conditions are such that they must rapidly train unskilled labor into skilled help to care for increased production. This means quick advancement—higher wages. For a man with a family the situation offers unusual advantages. He can not only find employment for himself but also for his sons and daughters.

In Oshkosh the majority of workmen own their own homes. Churches of all denominations are thriving—schools are the best—stores carry large and complete stocks of all commodities supplied from local wholesale houses which equal those of the larger cities. Rents are low—property reasonable now but will rapidly increase in value. Splendid street car service reaches all parts of the city—3 cent fare during time men are going and coming from work. Up-to-date Interurban Cars afford rapid transportation to surrounding cities at low rate.

Oshkosh, one of the most beautiful and beautiful cities in the country, is situated in the famous Fox River Valley on the shores of beautiful Lake Winnebago in the

heart of one of the richest agricultural districts in the world. It is a county seat. Within a radius of 50 miles there are 200,000 people. Its manufacturing industries send their products all over the world. It is the home of the largest match factory—the largest sash, door and blind factory—the center of hardwood and veneer door production. Shipping facilities are excellent, via lake or rail. Oshkosh is famous as a summer resort. People come from all over the country to spend their vacations here. Its shady, parklike streets, handsome public buildings, comfortable homes, splendid police and fire departments, excellent gas and electric lighting systems, make it at once a safe, pleasant and economical place to live. There are plenty of amusements both outdoor and indoor—good theatres and short, easy, inexpensive trips up the lake or into the country.

## Some of the Products Manufactured

Sash, doors and blinds—hardwood and veneered doors—maches—logging and mill supplies—bank and office furniture—boats—engines—sawmills and shingle mill machinery—furniture—mattresses—springs—carriages—trunks—autos—candy—bottle covers—grass matting—clothing—russia underwear—boilers—boxes—brooms—wagons—cigars—cigar boxes—excelsior—kitchen cabinets—step and extension ladders—rugs—sawmills—soap—threshing machines—vinegar—

tools and machinery—soda water—sheet metal—line—cement—books—building materials—flour—castings—art glass—grill work—beer—pumps—mining lamps—mine signal systems—moving picture machines—cut stone, etc.

If you are dissatisfied with your present way of living—if you are not getting all out of life you feel you ought to—if you are under paid and find it hard to get along—hard to keep the family happy and comfortable—if you are an earnest, thinking man with an eye on the future, and a keen appreciation of the need and opportunity of the present, we urge you to come to Oshkosh. If you are looking for a place where you can have steady, pleasant, profitable work all the year round in a growing city of health, wealth and happiness; where you can buy or rent at lowest rates with good schools for your children, and a chance to learn a trade, you should come to Oshkosh at once or write us for particulars in regard to what Oshkosh offers you. ## GOOD ADVICE TO GRADUATES

Baccalaureate Sermon Starts Exer-  
cises of Commencement Week.

Address in Part

(Continued from first page.)

Interests are to be committed to  
you. If you do not become better  
citizens because of this high school  
course that you have completed you  
will be a sore disappointment to the  
state, and especially to the commu-  
nity.

Educators, almost universally,  
stand for good things. They usually  
are among the best citizens of a  
community. In their individual lives  
they stand for clean and refined li-  
ing. I have been strongly impressed  
with this many, many times. Only  
two evenings ago I was impressed  
anew with this fact. I was called to  
a small village to assist in the  
commencement exercises of their  
High school. The class graduated  
was a small one, but very worthy.  
The Principal of the school was not  
only a leader in educational matters,  
but I found him, in his address to  
the graduating class, giving expres-  
sion to the finest possible sentiments.  
I was not surprised, however greatly  
pleased. But the point that I wish  
to make is this, that educators have  
trained us to expect these things  
from them. And while you will not  
become educators till you shall have  
pursued your studies further, it is  
nevertheless true that you, by ac-  
cepting a diploma from a high school,  
virtually pledge yourselves to stand  
as champions of those sentiments and  
ideals which educators, almost un-  
iformly stand for. This view, I know,  
will lead a new aspect to your career  
as alumni. But it is really what the  
state and community will expect of  
you.

I would advise you, when you re-  
ceive your diplomas, to have them  
framed, and place them in your  
room where you are to spend the  
greater part of your time; either  
your den, or your study, or office.  
In years to come, place them where  
you can see them often. It will be  
an inspiration to you during dark  
moments, and trying times.

Many times, when the burdens of  
my profession seem heavy and when  
my "back-bone" begins to weaken  
a little I glance up at my diplomas on  
the wall, and at the small piece of  
blue silk with a large white "Y"  
on it, and I think of what my Alma  
Mater expects of me as one of her  
sons.

Figuratively speaking every gradu-  
ate of a school goes out into the  
great world of action carrying with  
him the banner of his Alma Mater.  
It is his business to see to it that  
the banner does not trail in the dust,  
nor become sordid by any taint of  
corruption.

If the young people who are, year  
after year, going out as graduates  
from the Rhinelander High school do  
not, as they reach manhood and wo-  
manhood, take their places among  
the staunch and progressive citizens  
of the community, may I ask the  
question, from what class are we to  
expect such citizens to come?

I expect to find the average High  
school graduate a little higher up  
than the average man who terminated  
his school career without entering a  
High school. Not only a little higher  
up in position; but especially a  
little higher up in ideals, a little  
higher in his tastes, and a little  
firmer in his convictions.

The boys who are being graduated  
from our High schools today ought  
to be the men of tomorrow who are  
personally interested in the welfare  
of churches, and schools, and clubs  
for the promotion of civic righteous-  
ness. They ought to be the men of  
tomorrow who shall be interested in  
Christian homes and lofty senti-  
ments.

Most of you will grow "rusty" in  
your Latin and German; and the  
"Originals" in Geometry which seem  
clear to you now will become hazy.  
You will become unfamiliar with many  
of the scientific terms with which  
you have been acquainted during the  
past few months. This is to be ex-  
pected. But the discipline, and the  
breadth, the enrichment of mind, and  
the added power to think correctly  
you ought to carry with you unim-  
paired as each of you goes forward  
to his chosen line of work. Your  
outlook is much higher than it was  
four years ago; and much higher, let  
us hope, than it would have been  
had you not pursued the course that  
you have just finished. Because of  
this higher outlook, larger visions are  
possible. And if larger visions, then  
bigger plans and greater capacity to  
fulfill. I congratulate you, not so  
much on your past attainment, as  
on the opportunity which lies before

## ROBBERS START BAD FIRE Safe Blowing Causes Loss of \$220,000 At Mellen

Robbers early morning blew open  
the safe in the building occupied by  
the Meredith Mercantile company at  
Mellen. The entire first floor was  
wrecked by the explosion.

Fire broke out and damaged the  
structure and stock to the extent of  
\$20,000, the loss being covered by in-  
surance.

The bandits' booty amounted to less  
than \$10 in silver currency. They got  
away during the excitement and thus  
far there is no trace of them.

Sheriff Lanning of Jackson county  
and a posse are searching the swamp  
between Merritt and Black River  
Falls for four bandits who early Sun-  
day morning blew open the post office  
safe and took \$1,000 in s and a  
\$150 in money.

A fifth member of the gang was shot  
in a running battle with the sheriff's  
posse. The deputies located the rob-  
bers soon after looting of the safe.

They had been locked in a box car  
by train men but managed to saw their  
way out and run.  
Three miles from Black River Falls  
the deputies were able to exchange  
shots with the fleeing thieves and one  
dropped in his tracks. The others  
scattered through the swamp and  
their capture is expected momentarily.  
The wounded robber had a sack con-  
taining the stolen stamps. He has  
not yet been identified.

## WEDDINGS.

Carman-Rogers

The friends of Miss Ivy Rogers re-  
ceived a jolt Tuesday when that es-  
timable young lady, came to this city,  
accompanied by a gentleman, whom  
she introduced as her husband, Mr.  
Carman. It was known that the  
ceremony was to take place in the  
future, but none except the family  
knew that the young couple were  
married at Ironwood, Mich., May 14.  
"Miss Rogers" then went back and  
finished her term of school at Min-  
ocqua. The young lady needs no in-  
troduction in her home town where  
she holds the respect and esteem of  
all who know her.

Mr. Charles Carman also is well

known as Conductor Carman on  
Tomahawk and Buslett division of  
the C. M. & St. P. R. R. The young  
couple will make their home at Tom-  
ahawk. We extend congratulations  
though tardy.

Liebenstein-Hodgdon

Miss Leona Hodgdon, daughter of  
Mr. and Mrs. C. A. Hodgdon of this  
city was married at her home, Wed-  
nesday morning at eight o'clock to  
Jesse Liebenstein. The bride was  
attended by Miss Belle Komers of  
Bundy. The bride's brother, Wayne  
acted as best man. After the cere-  
mony, which was performed by Rev.  
Grant Clark, a wedding breakfast was  
served. The following out of town  
guests were present: Mrs. L. W.  
Schussman of Shawano, Mr. and Mrs.  
A. D. Hodgdon of Winchester, Mr.  
and Mrs. Lewis Yenor of Winchester,  
Mr. and Mrs. Jule Demars of Bundy.  
The young couple left for Milwaukee  
to spend a week. From there they  
go to points in Minnesota.

Miss Hodgdon is well known in  
this city, passed a large  
part of her life here. Mr.  
Liebenstein is a railroad man on the  
C. & N. W. R. R.

At the home of Mrs. Angelina Tr.  
kart, Saturday evening, a double  
wedding occurred, at which time  
the following couples were united in  
marriage: Martin Engl to Angelina  
Frikart and James Frikart to Lilian  
Saddow. The ceremony was per-  
formed by W. W. Carr.

For sale—At this office, fine map  
hangers, consisting of three maps, 1  
of the world, 1 of Wisconsin, 1 of  
the United States and the Panama  
Canal Region. A fund of information  
in small space, should be in every  
home. Price 25 cents.

# CALUMET Baking Powder

Received  
Highest Award  
World's Pure Food Exposition  
Chicago, November, 1907  
What does this mean?

It means that Calumet has set a new standard in Baking Powder—the standard of the World. Because this award was given to Calumet after thorough tests and experiments, over all other baking powders. It means that Calumet is the best baking powder in every particular in the world. And this means that Calumet produces the best, most delicious, lightest, and purest baking of all baking powders.

Doesn't that mean everything to you?

## The Safe and the Doubtful

There's a good rule to follow in watch buying—when there's any doubt let it alone.  
The watch looked all right when you bought it, but it didn't keep time. It began to show hidden secrets.  
How is a man to know before hand? By buying at a safe store. Segerstrom's is the safe store in Rhineland because it never goes below the limit of reliability.  
And it's a thing that has paved the way to this store for a great many people. Ask them.

**BUNDY**  
Thos. Gale has been out of town for the past week on business.

Messrs. Crow and French of Chicago, Ill., were in town early last week.

Mrs. J. Delong, who has been in Crandon for a week, returned to Bundy, Saturday.

A. Schenster, representing the People's Tailoring Company of Milwaukee, was in town a number of days. From the number of orders he received, it is evident that the "men folks" will be right in style.

Those who lost many hours of sleep the last month looking for the comet, might have saved the trouble for the comet has been visible for the past few evenings.

A. Miller, foreman of camp 10, during the time it was in operation, has decided to move his family to Winchester, where he is now employed.

Mrs. L. Demars and Mrs. A. Rantz of Rhineland were guests of Mr. and Mrs. Jule Demars for a number of days.

Yes, Mr. Demars, his auto, and several others have been to Rhineland. He goes so frequently now, that we mention it "just for old times sake."

Mr. and Mrs. A. Wilcox, who have resided at Bundy for the past seven months moved to Rhineland last Wednesday.

Chas. Aker roadmaster of the Bundy Company, has secured several tobacco plants which he will plant on his miniature farm. Nothing like being industrious.

New families have been moving into town for the past week. With the mill in steady operation, and the wood-mill "going home," Bundy ought to be a pretty busy place this summer. Just watch how it will turn out.

Painters from Rhineland are busy putting several of the houses in fine shape.

Mrs. M. Taggart and Miss Ruby Jennings made a flying trip to Rhineland, Friday afternoon.

From the drawings made in the intermediate room, we presume that the teacher has an artistic temperament!

Mr. and Mrs. J. DeLong, who had been planning to go West, have decided to remain in Bundy. Of course

we are all glad.

School closes June 10. Miss Bouffoux of the intermediate room will be here next year. Mr. Erikson will return to Milwaukee, where he intends to manage the decorating business of his father. Miss Jennings has not decided what she will do next year and we can't guess.

The cold spell does not exactly please many people of Bundy who have planted their gardens. A good snow storm prevailed Monday.

A good dance was held Saturday evening at the town hall. A large crowd attended and certainly enjoyed a fine time. Another dance will be given a week from Saturday. Joe Sterns and Will Fynn are the promoters. Good for them.

Pern Kummars spent a few days in Rhineland. In her own words, "I had a lovely time."

"Steam-shovel Dutch" is piling slabs in great style. Every says, "He's a good worker."

Joe Sterns attended the dance in Rhineland last week. He says, "It was great!"

Fred Jaeger, the cutlery man, will be in town the latter part of this week.

Two logging cars were wrecked between Bundy and camp 1 last week. One car was replaced on the tracks, while the other crashed through the brush and quietly nestled in the soft earth, "knee deep."
